TECHNICAL LETTER 2022-01 06 December 2022

Subject: Issuance of Short Term Certificates after Extension of Renewal Statutory Surveys

In order to ensure consistent issuance of short term statutory certificates on behalf of the Liberian Administration when the renewal surveys are progressed to the maximum extent practicable, the following instructions are to be followed and incorporated into the Recognized Organization's Liberian Country File:

1) Short term certificates, issued after progressing the renewal surveys to the maximum extent practicable, are to indicate the completion date of this survey as the "Completion date of the survey on which this certificate is based".

The completion date of the last Renewal Survey is not to be indicated as this date.

Maximum Extent Practicable should be interpreted as the attendance on which all statutory items, required to be surveyed during the renewal surveys, have been surveyed except for items which can only be verified in dry-dock.

2) Copies of short term statutory certificates are to be e-mailed as soon as issued to regsandstandards@liscr.com.

Our extension authorization letter will be updated in the near future to include these instructions.

If you have any questions on this Technical Letter please contact this office at regsandstandards@liscr.com.
