TECHNICAL LETTER 2025-01

1 September 2025

Subject: Change of Class

Ref: a. IACS PR1A - Procedure for Transfer of Class

With regard to vessels that are changing class and are either already registered or re-registering in Liberia, or will change class while also transferring to the registry (i.e. new registrations), the Administration will apply the procedures contained in IACS' s PR1A, Procedure for Transfer of Class, with the following exception:

- For any ship irrespective of age, the gaining Society should issue an interim Certificate of Class only after the losing Society has completed all overdue surveys and closed all conditions of class.
- In the case when a condition cannot be closed, the Administration is to be contacted with details of the condition, and the reasons why it can't be completed at the time of change of class surveys and where/when it will be completed, in order to be authorized to postpone the condition.

If you have any questions on this Technical Letter, please contact Regsandstandards@liscr.com.

Regards,

Cedric DSouza
Senior Vice President, Maritime Operations
