MARINE CIRCULAR 194.2

To: ALL SHIPOWNERS, MANAGERS, MASTERS, REGISTRATION OFFICERS OF MERCHANT SHIPS AND RECOGNIZED ORGANIZATIONS.

Subject: LICENCE FOR YACHT MASTER ON OFFSHORE PLEASURE YACHTS OF LESS THAN 200 GROSS TONNAGE.

1. Purpose

This Marine Circular provides guidance on the Administration requirements for eligibility to take examinations for certification as yacht master on pleasure yachts that are registered under the Palau International Ship Registry (PISR).

2. Requirements for Yacht master on offshore pleasure yachts of less than 200 gross tonnage:

PISR Yacht master offshore certificate is a recreational certificate of competency to command sailing and / or power yachts up to 24 meters in length, up to 200 nm offshore; it requires a comprehensive training consisting of classroom teaching and a practical component.

This certification will be issued by the Administration as *"YACHT MASTER LICENSE ON OFFSHORE PLEASURE YACHTS OF LESS THAN 200 GROSS TONNAGE"*, following successful examination process.

To become approved for an examination, a candidate:

- Must be not less than 18 years old.
- Must present a valid passport as proof of identity and nationality.
- Must present a Medical Examination report from an approved medical examiner where the examination was performed within the two (2) years prior to the date of the application.
- Must provide evidence of being 50 days on board a yacht at sea as an active crew member. The term "at sea" is defined as being on a yacht during sailing outside of any harbor. During the required sea service, one must have logged 3,000 miles on genuine cruises or passages but not short-day trips; at least 2,000 miles must have been completed on coastal voyages and not ocean crossings, it is important that the candidate has considerable time of actual ship handling.
- Verification of the above yachting experience must be original and signed by the skipper of the yacht on which the candidate was sailing. Candidates claiming sea time during times when they were acting as skipper may sign their own entries, but independent verification may be required and checked by PISR.

- Must provide evidence of successful completion of all necessary approved mandatory modular courses, which include:
 1. PISR approved training for yacht master on offshore pleasure yachts of less than 200 gross tonnage, consisting of classroom teaching and a practical component, or equivalent;
 2. Basic Safety Training;
 3. Security Training;
 4. Marine Environmental Awareness;
 5. VHF Radio Operators course covering the general rules and procedures for the safe operation of a VHF marine radio.
- 3. Information about the examination process:
 - Written theory examinations occur during the classroom teaching.
 - The final examination is a written and practical test, which is conducted by a PISR examiner. Candidates must demonstrate that they have sufficient ability to handle, dock, and anchor the yacht with a required level of confidence. Candidates can expect to be examined on any subject contained within the syllabus and to be questioned on any of their yachting experience to date.
 - In the event that the examiner considers an examinee not to have achieved the required standards, a certificate will not be issued.
- 4. Certificate Limitations:
 - Command of a vessel up to 24 meters in length up to 200 miles offshore;
 - Not for commercial use.
- 5. Contact:

Any further information requests and inquiries concerning the subject of this Marine Circular should be directed to the Head Office of PISR In order to obtain further information.
